

Introducing Peter D. Fowler

Pete Fowler is the founder of a construction consultancy serving the Western U.S from California and Oregon offices. Pete has experience with successful expert witness testimony, including Federal Court. In addition to a B.S. in Construction Management, Mr. Fowler is a General Contractor, Certified Cost Estimator, has published articles in national magazines and has been invited to speak by the most important groups in construction (ICC, ASTM, NIBS, RCI, BETEC, etc..).

Pete is an Oregon Certified Home Inspector, an AAMA “Certified Installation Master”, a Board Member of Installation Masters Institute (IMI) which trains window installers, a former Certified Inspector, and continues to regularly deliver seminars on topics including building walls, building codes, building performance analysis and repair strategies.

PFCS represents owners, nearly every construction trade, the largest national homebuilders and the largest insurance companies, delivering services in every phase of the construction life-cycle including design, estimating, construction management, inspection and testing, claims, and training. Focusing on projects in distress, PFCS analyzes damage, performs testing, specifies and oversees repairs, and offers testimony.
